IN THE ANTI-CHRIST SYSTEM

TREASURED PARTNERS AND FRIENDS,

For all believers who do not believe in demons or who downplay the powerful operation of the same in the lives of people, it is really time to wake up. Almost three years ago I reported that the spiritual war being fought in the Heavens had then come down to earth. Michael and his angels have been systematically defeating Satan and his hordes in preparation for the final great battle that is going to be played out on this planet. Satan has unleashed a war of unbelievable proportions upon us all. Men have always fought wars since Cain killed Abel. But, what we are experiencing today is unprecedented. Many men and especially leaders are now demonically inspired and this makes war more dangerous than ever. If we look at what has happened in the last three years it ought to take the breath of people away. We have had the whole Covid disaster and panic that has resulted in the world being ruled by a few individuals declared to be, “medical experts.” It is now a proven fact with all evidence that Dr. Fauci conspired with the Wuhan laboratory in China and that Covid was known long before it was released on the world. The problem is that most people will not accept the evidence because it makes us responsible to deal with the truth and we are not willing to do this. Neither do most people even care about the evidence. We would rather live in our “make believe” world than face the reality of the systematic take over of our planet by the forces of evil. In Geo politics the entire western world has lost their legitimacy to lead the world. How on earth have we reached a position where Europe is totally dependent on Russian gas and oil? Europe pays 400 million dollars A DAY to Russia without which there is no cooking or heating in most European homes. It is no wonder that Russia has been so bold to invade Ukraine and the western world backs off and we live in our little isolated bubbles.

IN THE ANTI-CHRIST SYSTEM (CONT.)

NATO is an utter joke, a spineless amoeba and a pathetic excuse for a war machine. The total failure of USA to make itself sufficient in oil when it is readily available is nothing short of a conspiracy. Americans will complain and complain at the gas price but still return Biden as the worst of the Democrats to office in the next elections. I watched in horror as Canadians went crazy over Trudeau just yesterday. After the way he has behaved... yet, Canadians will still return him to office as well. People and even believers are mesmerized and it can only be the spirit of seduction.

We have witnessed an explosion of war zones around the globe but particularly focused on Russia and China and we have seen a massive escalation of Islamic terrorism in Africa. What we are all experiencing now is the count down to NUCLEAR DISASTER. Vladimir Putin's threat of using Russia's nuclear arsenal is very real and should not be down-played by anyone. But, he has been testing western resolve and he has won as he now knows just how far the west is willing to go and it is not even as far as Crimea or the rest of Ukraine. Having said this, relax and do not get locked up by the spirit of fear again as with Covid. The Lord has given us the spirit of love, peace, and a sound mind. We are commanded to put on the mind of Christ. Indeed, an atomic explosion may wipe out a city but we cannot destroy the earth which belongs to the Lord. He says by the psalmist, "The earth is mine and the fullness thereof..." God and HIS NATURE and creation are far more forgiving than what we are. The disaster of the Chernobyl area that has been majorly rejuvenated by God's nature is evidence of this.

Russia's strategic move into Ukraine is the distant rumblings of Gog-Magog as described in Ezekiel chapters 38 and 39. What is most dangerous is a man like Putin having an atomic arsenal at his fingertips and absolute dictatorial control over the nation. But, we fail to recognize one thing and that is the role of Satan in manipulating the minds and lives of men, even believers. How many believers do you know behave in bizarre ways and make irrational decisions? The spirit that has taken over the western world and its thinking is the work of darkness, of Satan. It is important for us as believers to recognize these facts and ensure that we as believers are not deceived and seduced. We are really already in the Anti-Christ system. The whole Covid hysteria shows exactly how mankind and most believers will react and respond to the mark of the beast. Life is most certainly not going to go on as it always has done. We have one choice only and it is to listen and obey the Holy Spirit. This requires us to be super-sensitive to Him and what he wants for our lives.

KALIBU ELDERLY VILLAGE UPDATE

The Malawi rainy season is coming to a close and clearing and construction is beginning at the new site for the Elderly Cottage Village. Although supplies like cement are hard to purchase, the builders have begun to lay the foundations for the first eight houses. The layout has been modified to a Row House format to accommodate better living conditions. The foundations are nearly complete and construction is under way!

There are many elderly waiting for their new cottages. The new site has been chosen to accommodate 100 houses for the many grannies and grandpas who are living alone and

in need of adequate housing, medical care and the close proximity to other elderly people in their community.

FINLAND SPRING CONFERENCE

Out of Africa Ministries in Finland held their annual Spring Conference. The group of faithful believers meet to share the Word of God, encourage one another and hear what the Lord is saying to the Church. One sister who attended wrote the following:

"It was so good to be together in the Out of Africa weekend Seminar in the atmosphere of praise and worship. It's so easy to be together, when the Holy Spirit unites us and we can connect more and more to the True Vine, Jesus Christ. Now, afterwards I understand what kind of diverse and abundant "meal" the Lord had prepared for us in the sharing of His Word. I feel that I was fed so well, I still feel content after two weeks. God's goodness and love is so amazing. There is nothing better than to gaze upon Him and fall in love with Him, and to adore Jesus."

Glory to God! Mrs. Paula K.
