ENORMOUS CONSEQUENCES

PRECIOUS PARTNERS AND FRIENDS,

Jesus clearly told us of the momentous happenings building up to his coming. We are seeing those things taking shape before our very eyes and still we do not believe. He is an utter fool who will not accept that there is coming a great nuclear war. Whilst the super powers face off at each other, there are myriads of smaller nations that also have nuclear capabilities and will use them. North Korea, India, Pakistan, Israel, Iran and possibly today, the Taliban all have the bomb and will use it for national survival. The nations are posturing for this coming war and frightening it will be. The national leaders have become mere pawns in the hands of the evil one. Manipulating incompetent men have become national leaders with dictatorial power, Just look and listen to Joe Biden. That man is so positively evil that he makes my skin to crawl and he now makes decisions with impunity. His utter debacle over Afghanistan is already excused and forgotten. He is a luckless leader who is attempting to prove himself on the world stage. Listening to his arrogance rather than his idiotic statements, forgetfulness and utter leaderless foolishness makes him super dangerous especially with the nuclear codes in his hands. Ezekiel makes clear that there will be a great war as Gog comes down against Israel. Our cry to the Lord ought to be, "Lord, utterly POSSESS me." We have so many examples in God's Word of nations, including Israel that defied the Lord and paid enormous consequences. At the same time, nations that came against Israel and God paid equally enormous consequences. How on earth did Biden choose such incompetants for his spokes people, from his security advisers to his cabinet members? Well, he did not. He is the pathetic pawn in a much bigger picture of evil versus good; of Satan versus God. Sorry America, you simply have to come down before the enemy will really strike. Your destruction initially comes from within. Liberal humanism has utterly destroyed you where people have forsaken God because the church has been corrupted and no longer stands upon the Word.

ENORMOUS CONSEQUENCES (CONT.)

Our children rule the families and the entire society and we accept it and love it. That pathetic little girl Greta Thurberg screaming at world leaders about global warming needs to be thoroughly spanked and put to bed as does Malala Yousafzai. How on earth have such nobodies become world experts? It is called, "humanism," where God, the Father of our Lord Jesus CHRIST, is altogether ignored and even forgotten. Whoever carries the name of Christ and voted for Biden needs serious discipline. This is precisely how lawlessness pervades a nation. The absence of the standard of God leads to anarchy and America has already entered anarchy. Laws are enacted today with little or no recourse to Congress and definitely not to the will of the people. The presidents rule by executive orders rather than true deliberation. Christians vote with emotion rather than what different parties declare through their manifestos. No matter how bad Trump may have been, the mere fact he was against abortion says it all. Now America has a murdering president who is anti-God and anti-establishment. How does any American stand for the ridiculing of the Constitution and the Bill of Rights? Yet, it is a reality as I write where the public are warned that "the constitution is dangerous and inflammatory."

It is really past time for believers to stand for what is right according to God's Word. There is so much compromise in the church that certainly gives the devil room to maneuver. We are so willing to back off our standards and submit to the laws of the land that are fully based on humanism rather than the powerful Word. Humanism will never work because it is all man's agenda instead of God's. Humanism was in the Garden and has plagued us ever since and today, it oppresses the multitude and especially the believer. Sadly, they are believers who compromise the most and certainly, compromise is of the devil.

Righteousness exalts a NATION HENCE THE REASON WHY AMERICA BECAME GREAT. BUT, SIN IS A REPROACH TO ANY PEOPLE HENCE THE REASON WHY THIS GENERATION HAS SQUANDERED THAT GREATNESS and America is rapidly falling behind both China and Russia. When a people refuses to work they have lost it and it seems that no matter what you offer workers today nobody wants to work. This is the FALL OF THE ROMAN EMPIRE in living reality. Spoiled brats who know little about life now run the nation together with utterly corrupt politicians. This is the western world. This standard of Europe is far worse than any American and white western man is doomed.

APOSTOLIC CONFERENCE FINLAND 2021

Pastor Michael Howard will be hosting the annual Apostolic Conference to be held this year in Finland November 29 through December 5, 2021. The conference cost is \$440 includes room, board and conference materials. Contact us today for details and join us for a life-changing time of teaching and worship.

This conference will also be available on Youtube or Zoom.

EAST AFRICA WORK CONTINUES, UGANDA LOCKDOWN ENDS

Calvary Greetings to all at Kalibu & Shekinah Ministries. We thank God for his protection and provision upon the East African work. Here is a brief update of the many areas of on-going ministry happening now.

We had a graduation ceremony at Kalibu Ministry Center in Bidibidi organized by African Leadership Bible training for pastors.

Church services were allowed to open and start again here, after our 3-month lockdown in Uganda. The church work, youth and women's ministries are growing a lot.

One of the Kalibu Church branches in Bidibidi led by Pastor Justine organized a one-day conference on Oct 19th this year.

I am planning to visit the church in Congo and in Jube by next month. In Adjumani, the church is doing well. In Morobi church in Moyo, brother Joseph reports that the church is growing and members are excited about the work of God. They are requesting iron sheets for the church roof.

The church in Yoyo in Yumbe District, Pastor Abe and the church are fine. They are constructing their church and having challenges getting building materials.

The new church in Congo is doing very well by God's grace and in the hands of Pastor Cephas and Matendo.

In South Sudan, the churches are increasing and the Christians are managing to support a new church in Yambio with a temporary church structure.

We are praising God for the advances being made in the Kingdom of God here through the various churches and outreaches.

We appreciate your prayers and support, may God Bless you.
Pastor Jeremiah

KALIBU UNIVERSITY STUDENT TESTIMONIES

With my friend Kaisa and our student Fred I was sent to found churches at the farms of Kalibu. The first two weeks of September we spent in Mkulumadzi where the new farm is with all the cattle and 61 workers of whom eight families are also staying there. Soon after our arrival I noticed there was a proper leadership and order in the farm, and that constantly there was a strong presence of God. Such was the presence that I understood we were not there for the people but for the Holy Spirit. He needed us to declare God's Word so that He could make the people alive and free to worship God. In the morning we started with intercession, then preached to the farm workers in their morning assembly and after that we taught the children who did not go to school because it was so far. In the afternoon we went to share the gospel to the nearby villages visiting homes. We ended the days with evening worship, and

sometimes teaching or praying for the those staying in the farm. It must be that someone had got a breakthrough in intercession there because so fruitful was the ground. As we shared the Word the Holy Spirit so convicted the hearts that afterwards the listeners came to ask for prayer because they wanted to repent from their sins and follow Jesus. Some even came for prayer because they understood that some demon was preventing them from listening to us and receiving the message that was preached. Several men especially started to see God's purpose for their life. Consequently Jesus set them free from addictions to alcohol and smoking and freed their families from fear. Indeed it was wonderful to see how God saved families. One of the first ones who came to the Lord was our cook. While chopping vegetables she was listening carefully when we were teaching the children, and in one evening she then surrendered to the Lord. After that she told about the problems she had with her husband, so we started to pray for him. Not many days after that he also wanted to be delivered and to follow Jesus. Their marriage problems did not end there but instead they triggered us to give biblical teaching on marriage to all the couples on the farm and also on the older farm in Mpatamanga.

In one further village we visited a family where the grandpa could not speak nor walk, probably because of a stroke. So after sharing the Word we prayed for him, and Jesus started to heal him. A week later we visited there again and praised the Lord together. The old man was able to speak again and his left foot had started to work. After prayer I noticed he lifted his right knee. His wife was so thankful that she asked us to visit them every day and their daughter testified how much easier it was to take care of her dad since God had helped them.

The older farm in Mpatamanga, where we went for the other two weeks, was a very different case. There were twelve workers taking care of the goats and sheep. Even though there also were some very hospitable people who received us like old friends, we felt a strong spiritual opposition there. There was confusion and no vision because the farm will cease once a dam building project starts. The church was to be built to Kambalame village where we walked from the farm in an hour. We perceived that unless there was a breakthrough in the spiritual realm all our efforts would be vain. So we alarmed some intercessors and started to fast and pray. As a result God started to set people free, starting from the ex-pastor. The Holy Spirit told us that there our mission was to bring back "the lost sheep" and to feed them so that they would grow. Several times the people then testified that they had been revived. Laura N. Malawi

OUT OF AFRICA FINLAND AUTUMN CONFERENCE

Out of Africa Finland had it's Autumn Conference. About 25 people gathered to praise and worship God and enjoy the good fellowship and preaching of the Word there. We also heard great testimonies from teams that visited Africa last Summer, how the Lord had protected and guided the teams among difficult circumstances. It's always good to come together to fellowship with our living God and be built up by the fellowship of the saints!

Missionaries to Africa share their testimonies

OCTOBER USA TOUR

Although Pastor Michael was not able to come for his annual October tour in the USA due to Covid Visa restrictions, Jim and I were asked to visit the partners and friends of the ministry across the country. The trip began in TX, then to MO, MI, IN, VA, NC, SC and we finished in Las Vegas.

We are so thankful to Pastor Michael for asking us to make the trip to update our partners on the current advances and ministry in Africa. We were able to go to Malawi in June and July and saw such an explosion of growth in the ministry work there, it was exciting to encourage our friends and supporters as to what the Lord is doing in Africa.

We want to thank all of the churches and home groups that hosted us during the month of October, especially the families and friends that hosted us in their homes. It was wonderful to see our friends once again, worship the Lord with them, share the updates from the African nations, and share words of encouragement from the Word of God.
