## RISE UP IN CHRIST

Treasured Partners & Friends,

Oh, what an opportunity this virus has become for the church to arise and shine for Jesus in the midst of these critical times. Of course anyone with a grain of brain should realise that this is another biological weapon to bring mankind under control and it has worked. As I am traveling through the USA, I marvel how quickly FEAR is able to control and manipulate an entire population and literally cripple whole nations. No, this is not about another conspiracy but about Satan seeking to rule the earth and he is using everything in his arsenal to do so beginning with his human agents. Like the proverbial ostrich, however, we would rather stick our heads in the sand until the storm passes and then wake up from the crisis and say, “My, my. What just happened?” It reminds me of an incident years ago. We were building the Academy at that time. It was about eleven at night when I returned home exhausted. I determined to go straight to bed. I always left a night light burning in my lounge and dining room. As I passed by the lounge I saw a snake slither away. I would have to kill it there and then. I switched on all the lights and called for the watchmen who came with their machetes. The snake was nowhere to be seen which meant moving all the furniture and thoroughly checking the curtains. Intowhich the serpent might have climbed. This was very dangerous work. After a lengthy investigation, we still could not find that serpent. Now, there was a large deep freeze standing on a pallet in the dining section of the very voluminous room. I lay flat on my belly and there under the pallet was the snake looking at me eye to eye. I was furious and told the creature, “You are going to die tonight.” I grabbed a long-handled broom and stuck it under the pallet and thrashed it around to chase out that snake.

## Rise Up In Christ (Cont.)

That serpent exited from its hiding place and began to slither along the wall. I smacked the broom down hard on the creature but missed it. It carried on along the wall and turned the corner of the room still following the wall. One of my watchmen positioned himself behind a sofa and as the snake continued along the wall, the watchman simply cut off its head with his machete. Everyone let out a loud shout of rejoicing and even more so when we identified the snake as a super aggressive Black Mamba.

Then, at that moment, one of the missionaries came into the lounge rubbing his eyes and declaring, “Was that a snake?” He had heard from the outset of the hunt for the snake what was happening but because of FEAR he remained in silence in the room until he heard the victory shout and only then appeared. Such a picture is typical of believers who remain silent and far removed until victory is assured. We should be people of absolute CONFIDENCE and therefore have BOLDNESS. We ought to be out in the lead confronting the enemy by knowing who we are and the authority that we have in Christ. I am hereto rule and reign in the midst of a crooked and perverse generation. The Lord has given to me DOMINION over all the works of the enemy including COVID-19 VIRUS.

The problem is that the church has so filled its mind with the confusion and opinion of the world that our minds are not stayed on Christ. We are commanded to put on the mind of Christ; to think on these things; that I will be kept in perfect peace whose mind is stayed on Him. We have to switch our thoughts immediately and stop believing the way of the world and start believing the way of Christ. There is but one standard, one opinion and it is not an idea but a PERSON, the person of Christ. He heals, He delivers and He sets us free. Rise up in Christ and be the authority Christ desires you to be.

Malawi has not a single case of Covid-19! Measures have been taken but the virus has been kept at bay. Why? This is because there has been a volume of true INTERCESSION bombarding the heavens by Kalibu Academy for months. We are the only nation in all of central and southern Africa that has enjoyed abundant rain and excellent crops, all because of prevailing intercession. As I sit in USA and receive reports from Malawi, I rejoice that there is no panic, no fear and no negativity. We must be a people who are prayed up and fasted up for every eventuality. Great is the Godhead dwelling in us than the enemy without. May this become LIVING REALITY in our lives.

## KALIBU STUDENTS VISIT THE ELDERLY

The High School students continue their weekly visits to the elderly in the villages. They bring hot food, encouragement, prayers for the sick and even clean the homes of

the elderly who struggle with daily activities. These kids bring such hope and encouragement to these forgotten ones in Malawi.

This outreach has really helped these students open their eyes to the needy around them and give them social responsibility as young adults.

## KALIBU PRIMARY SCHOOL RECEIVES DONATIONS

A shipping container arrived a few months ago in Malawi at Kalibu Ministries Headquarters. As we had advertised needed materials for the schools and outreaches we were able to pack the container with much needed items. Kalibu Primary School was one of the biggest recipients of your generous donations.

An elementary school teacher from southern Michigan made it her mission to gather materials from her community school. Art supplies, library resources, classroom furniture, computer desks, chalkboards, games, charts, posters were gathered from her school. The teachers were cleaning out their classrooms for a new semester, and were happy to learn these materials would have a new life in our school in Malawi.

These donations and materials have infused the school with expanded classroom activities, extra-curricular activities and much need supplies for daily use.

Thank you Mary Borkholder for all that you have done to gather, purchase and send these valuable materials to our elementary school and students. Their lives have been blessed by your kindness and generosity.

Mary's sister Luetta just took two months to teach in Kalibu Primary School as a volunteer and short-term missionary. She spent every day in the classrooms with the kids sharing God's word, starting a school-wide reading plan and just stepping in wherever she could be of help.

If you are interested in a short-term assignment in Malawi working in one of our projects contact us. Or if you have access to materials that could be used in our schools, at our Elderly Clinic, or other helpful items, please contact us. We have another container ready for your donations that will be shipped later in the year.

## ELDERLY COTTAGE CONSTRUCTION

The seasonal rains in Malawi have now ended, so the construction of the elderly cottages is in full swing. We currently have seven cottages under construction with another five to start building. Because we received such an overwhelming response from you our partners up to twenty widows and widowers will receive a new cottage to live in this year!! Thank you for your generous support. With rising costs of construction materials it now costs \$750 to build a three-room cottage. If you would like to know more or contribute towards building a cottage please contact us for details.

## NEW BOOK: THE JEZEBEL IMPACT

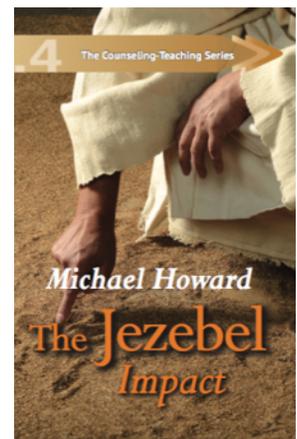

\$10

### The Counselling-Teaching Series:

#### Book 4: **The Jezebel Impact**

Today we see an alarming rise of the Jezebel character demonstrated in the world and sadly in the Church. There is a man-hating, narcissistic, victim mentality pervading our generation that comes directly from this Jezebel character. In this fourth book of his counselling series, Pastor Howard delves into this dark and influential character- Jezebel.
