PREVAILING ON THE MIGHTY HAND OF GOD

Treasured Partners & Friends,

It has been an arduous fight all the way to keep sailing but really and honestly, the Lord has provided and has been ever faithful. Yes, there have been sacrifices that I have demanded everyone to make in order to survive but it is good for us all to suffer a little. We cannot even begin to imagine the suffering that is going to come upon the earth but He will see us through. One of the saddest aspects of the pandemic that I have observed is the fear it has bred even among Christians. I personally have not seen or heard of a single child dying with Covid 19 and as for Christians, only one to my personal knowledge. God's promises are YEA AND AMEN and His promise to Israel under the blood of the lamb in Egypt was, "the plague shall not be upon you to destroy you." The blood of **HIS LAMB** applied to me is equally powerful and the fulfillment of that Old Order. (People really need to read my book **TERROR BY NIGHT**).

The grounds of both primary and high schools are looking magnificent. Despite the issues we have been having, we sank a borehole and hit such an underground lake of water that it gushed out. Now we have abundant water and no longer have to pay the exorbitant city rates. Is this not God in the midst of adversity? The water is so crystal clear that you can actually see the life in it. Not only is it clear but it is also pure and tasty as well. One of our missionaries was walking the grounds and shared how she was so overwhelmed at the beauty and order that she could not help weeping in the presence of the Lord as He showed her His approval. Such a wonderful testimony of the Lord is exciting in the midst of so much that is gloomy these days. Water always speaks of life. There is something about an oasis in any desert that inspires the soul. We recently sank three wells on the new cattle farm and in each case we instantly hit water. Our borehole driller was overwhelmed at the ease with which he always hits water for us and commented, "What is it about you people?" I just cannot help but to be thrilled and shout His praises and then to simply adore and glorify Him.

PREVAILING ON THE MIGHTY HAND OF GOD (Cont.)

I cannot even begin to describe what has happened to our cattle. We moved our 250 Brahman herd over to the new farm and in a matter of weeks the cattle were fat and sleek. With excellent grazing and browsing and a flowing river right on our doorstep – almost unheard of in Africa – we have perfect conditions for cattle. It is also such a remote farm that it is off the beaten track, so to speak. We are developing this wonderful herd of Brahmans crossed with Red Angus to produce a new strain called, "BRANGUS." They are extremely soft, meaty animals with excellent taste. At six months, two bull calves were 360 and 380 kilograms respectively. So, we are not just a great centre for education but also for development purposes.

We have fought a massive battle here to get schools re-opened and Saturday evening the president finally announced that all schools will open at the beginning of September. Of course the restrictions go a little overboard but that is fine in light of schools re-opening after 5 long months. This is enough to make us rejoice and shout His praises. We have fervently interceded and to see the Lord answer is simply wonderful and exhilarating. Intercession beloved, really does work and shows how the mighty hand of God may be prevailed upon to move in impossible situations. The Lord knows His ways and His thinking and it always gives victory to His people to follow after Him in simple, trusting obedience.

We were so privileged to have the new Minister of Education come for dinner at the Academy. What a wonderful, progressive thinking lady who is dedicated to uplifting education in Malawi. She was certainly impressed by the Academy and wrote in our visitors book, "A beautiful visit to a beautiful school campus with lovely company provided by the teachers and managers of the school." This visit was a very "big deal" and will be the envy of all. It was certainly a boost to the Academy in the midst of all through which we have gone and a stamp of approval. The Minister is the first to ever visit the Academy in our fourteen years. With her sound and clear policies, education is back on track and so are we. So much has happened and hopefully, we are all much better off for our experiences.

The Lord bless you and keep you but you must be in faith for, **"he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek Him."**

A NEW DISCIPLE- FINLAND

A Testimony From Finland

When Pastor Howard moved from Finland back to Malawi some years ago, he gave us all a task to get a disciple. As we were wondering where we could find someone, he instructed us to start loving and helping our neighbors, for example, even though they were not believers.

I have had the privilege and blessing in my life to have a good Landlords in the apartment where I live. During the 19 years I have lived here they have only raised the rent one time. This is uncommon here for rents have gone up recently. The Landlords are elderly people nowadays, the lady is 85 years old and the gentleman 86 years old. The man has Parkinson's disease and has been on and off to the hospital during the last years spending usually a few weeks there at a time. I started helping them by cleaning the common areas in the apartment, that were on their responsibility and helping her with her shopping. I used to talk to the lady about what I had learned under Pastor Howard's teaching in Tampare, Finland but it appeared that there came something like a "wall" in front of her and then she didn't respond in any way. I continued to help them. When the husband was in the hospital I got to know the wife better and better.

Then one day I challenged her. I asked her would she like to open her heart to Jesus and receive Him as her Lord and Savior. Surprisingly she said she had given her life to Him when she was young and now happily she returned to Him. After some time I also asked the husband if he would receive Jesus. Being an old fashioned Finn, he did not want me, a woman to minister to him, so he asked that I come again with Antti, (a man), next weekend. Out of Africa was having home meetings at my place the next week. The day came for us to visit the couple. The husband received Jesus also!!

What a wonderful God we serve!

CONTAINER TO AFRICA

We are currently gathering needed supplies and materials for the various outreaches and schools in Malawi. If you would like to contribute materials or would like to request a list of needed supplies, please contact us at shekmin@aol.com or phone 567-286-0105. All donations are tax deductible and greatly appreciated.

KALIBU ACADEMY TO OPEN IN SEPTEMBER

Kalibu Academy in Malawi is set to reopen in September for regular classes. The boarding school will resume its full program with classes, activities and outreaches. The new Minister of Education came to visit the campus of Kalibu Academy. The staff and teachers along with Pastor Howard, welcomed her and she was treated to dinner and a tour of the Academy. She was very impressed with the standard of excellence held in the various departments, the campus grounds and facilities. She has a view to bring the standards of education in Malawi to a higher level. Pray that the Academy has favor with the new government and leadership.

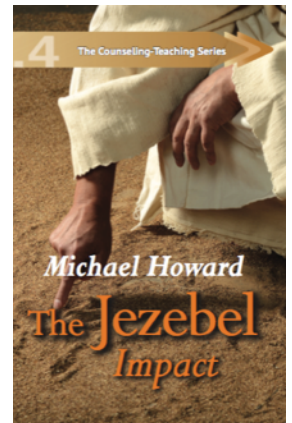

NEW BOOK: THE JEZEBEL IMPACT

The Counselling-Teaching Series:

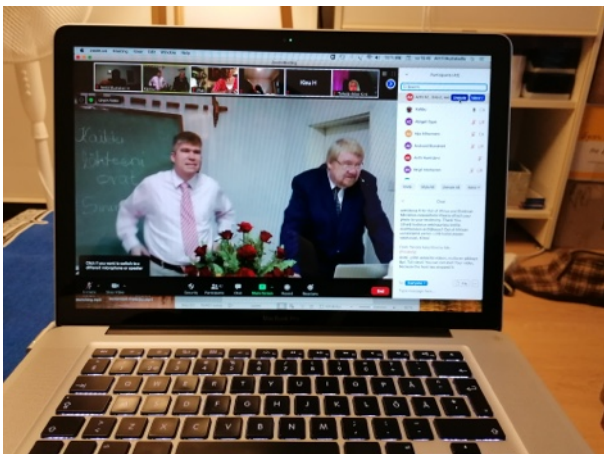

Book 4: **The Jezebel Impact**

Today we see an alarming rise of the Jezebel character demonstrated in the world and sadly in the Church. There is a man-hating, narcissistic, victim mentality pervading our generation that comes directly from this Jezebel character. In this fourth book of his counselling series, Pastor Howard delves into this dark and influential character- Jezebel.
